HACCP
ISO 9001:2000

ABOUT THE COMPANY

Koral ice cream is based in Nowy Sącz in Poland. The firm is owned and operated by two brothers, Jozef and Marian Koral who started their business in 1979, initially as small ice cream outlet, but gradually because of the fantastic taste of their ice creams it has grown and is now the largest ice cream producer in Poland.

KORAL I.C.C has manufacturing plants in Nowy Sącz, Limanowa and Rzeszów in Poland. They sell their products nationwide through their own distribution network and wholesalers. They currently produce over 50 different ice creams each in several different flavours. Due to our expansion into the European Union we offer the opportunity for you to sell our products in both wholesale and retail environments.
